Herbert Hoover, Esq.,  
Washington, D. C.

Dear Sir:-

The word of your interest in medals has been brought to us through several channels. May I ask if you have ever been invited to become a member of this Society? I believe you know of our medal to the King and Queen of Belgium of which I enclose a circular. We have a "Peace Medal" in prospect of issue within the near future. I should feel greatly honored if you will permit me to present your name as an associate member, and as a simplest means to that end I am enclosing an application card.

Very respectfully yours,

Secretary.
